Developer || Leader || Instructor

## OBJECTIVES

I am looking for work at a progressive company where I can conceptualize and develop great tools. My background includes programming, community building, and education. Coming from a military background, I feel I can bring attention to detail, respect, and determination to your company starting from day one.

## TECHNOLOGIES

- **Languages** - Node.js, Ruby, Java, JavaScript, HTML, and CSS (All in Production)
- **Frameworks** - Angular, Rails, Express, and Spring MVC
- **Testing** - RSpec, Selenium, Mocha/Chai, Cucumber, and Protractor
- **Tools** - Bamboo, Git/Github, Apache, Google Analytics, Camtasia, Trello, and Agile Methodologies

## EXPERIENCE

**Web Development Instructor** - Galvanize June 2016- February 2017

- Instructed a 6-month web development immersion course on NEAP stack technologies
- Delivered daily lectures, maintained and created student curriculum, and managed educational standards and objectives in order for students to graduate from the program as high quality developers
- Pioneered several initiatives to integrate Agile methodological practices into students' capstone projects, which yielded better career placements
- Maintained and updated Galvanize's open source code classes on Github (*galvanizejs* & *galvanizeopensource*)

**Developer Evangelist** - Galvanize February 2016 - June 2016

- Built community and bolstered brand awareness for Galvanize's Austin market launch
- Amassed over 3K members in both the *Learn to Code Austin* & *Austin Data Science* meetup groups which helped to drive community growth, site traffic, and overall interest to our programs

**Software Engineer** - American Express February 2015 - February 2016

- Performed hands-on software development & testing on the Smart Offer platform (AMEX Offers)
- Functioned as a core member of an agile team, driving user story completion & analysis, design & development of software applications, and testing
- Created a retrospective tool called, *True-Story* that empowered team members to give anonymous feedback during retrospective ceremonies

**Production Coordinator** - LivingSocial October 2012 - March 2014

- Managed and coordinated communication for production lifecycle process for 60+ deals on a weekly basis
- Compiled creative elements, design reviews and quality assurance for each promotion
- Facilitated mostly domestic markets but also French-speaking Montreal markets which required French translations and conversation to develop new business

**Boatswain Mate Petty Officer** - United States Coast Guard June 2008 - June 2014

- Organized training presentations, facilitated nautical rescues, medical drills, and serviced combat-ready vessels
